

STATEMENT OF WORK
FOR
PROVIDING DEGREASING UNITS & SOLVENT CHANGE OUT

1.0 INTRODUCTION: The requirement calls for change out of solvent used in degreasing units on a quarterly basis and for providing the degreasing units.

2.0 PERSONNEL: Contractor personnel shall present a neat appearance.

3.0 PHYSICAL SECURITY:

3.1 The contractor shall obtain vehicle passes for each vehicle used on Randolph AFB during the performance period. The necessary applications for vehicle passes can be obtained by contacting the Base Visitor's Center located just outside of the Main Gate. The following documents are required for entry onto Randolph AFB: driver's license, proof of registration, and proof of insurance. A separate pass must be obtained for each visit to Randolph AFB. Call the POCs in paragraphs 8.1 or 8.2 to be sponsored onto base.

3.2 The contractor shall be responsible for safeguarding all government property.

4.0 HOURS OF OPERATION: Normal duty hours are 6:30 AM to 3:15 PM Monday through Friday.

5.0 REQUIREMENTS:

5.1 Contractor will provide 15 degreasing units and servicing of these units to Randolph AFB for the duration of the contract. Degreasers will be similar in size and design of units currently in use at Randolph AFB. Two existing units, one 55 gallon and one 20 gallon (identified as DE003 and DE007 below) require servicing only. Remote reservoir units provided by the contractor must comply with 30 TAC §106.454(2) and the cold dip tank unit must comply with 30 TAC §106.454(3). These units will be located and sized as follows:

| Building | Air ID | Type of Unit | Size | POC | Duty Phone |
|----------|--------|------------------|--------|----------------|------------|
| 3 | DE001 | Remote Reservoir | 45 gal | John Calvillo | 652-2413 |
| 7 | DE002 | Remote Reservoir | 16 gal | Roger Mohr | 652-4766 |
| 16 | DE003 | Remote Reservoir | 20 gal | Greg Fruscella | 652-2319 |
| 16 | DE004 | Remote Reservoir | 8 gal | Vincent Scheel | 652-4348 |
| 16 | DE005 | Remote Reservoir | 45 gal | Vincent Scheel | 652-4348 |
| 16 | DE006 | Cold Dip Tank | 75 gal | Vincent Scheel | 652-4348 |
| 16 | DE007 | Cold Dip Tank | 55 gal | Greg Fruscella | 652-2319 |
| 22 | DE008 | Remote Reservoir | 8 gal | Randolph Rice | 652-6346 |

| Building | Air ID | Type of Unit | Size | POC | Duty Phone |
|----------|--------|------------------|--------|----------------|------------|
| 33 | DE018 | Remote Reservoir | 8 gal | Randy Schul | 652-6368 |
| 58 | DE019 | Remote Reservoir | 8 gal | Joseph Troyer | 652-4695 |
| 171 | DE010 | Remote Reservoir | 8 gal | Dan Huffman | 652-4525 |
| 171 | DE011 | Remote Reservoir | 5 gal | Dan Huffman | 652-4525 |
| 171 | DE020 | Remote Reservoir | 5 gal | Dan Huffman | 652-4525 |
| 241 | DE012 | Remote Reservoir | 16 gal | Matthew Zaiotz | 652-2115 |
| 873/893 | DE013 | Remote Reservoir | 16 gal | Abel Limon | 652-2952 |
| 1051 | DE015 | Remote Reservoir | 8 gal | Raymond Jones | 652-6749 |
| 1350 | DE017 | Remote Reservoir | 16 gal | Randy LaGessee | 652-5651 |

5.2 The solvent used in the tanks must comply with both the PD-680 Type II military specification (MIL-SPEC) and the requirements in 30 TAC §106.454. The contractor must either certify that the solvent meets the requirements of MIL-SPEC PD-680 or be listed on the Air Force Corrosion Prevention and Control Office's Qualified Products List for MIL-PRF-680B Degreasing Solvent number QPL-680-3 dated 9 Jan 2007 or later. The contractor's qualification must be current throughout the entire period of performance.

5.3 Per 30 TAC §106.454(1)(B), waste solvent must "be removed by a licensed disposal service."

5.4 Contractor will repair any leaks or will replace leaking units within one week.

5.5 Contractor will provide a report/spreadsheet of solvent lost between change-outs. This report will include identifying information for the degreasing unit, the date of change out, gallons in unit, and gallons lost. The identifying information will include the location, the Air ID, and the model and serial numbers of the degreasing unit.

5.6 The contractor shall provide a current MSDS for the solvent. The contractor shall also provide an updated MSDS, if and when revisions are made.

6.0 PERIOD OF PERFORMANCE: The Period of Performance shall be 12 months, with an option to extend the contractor in 12-month increments, for up to 60 months.

7.0 PLACE OF PERFORMANCE: The place of performance is Randolph AFB, TX.

8.0 POINTS OF CONTACT:

8.1 The overall point of contact is Ms. Michelle Walton. Ms. Walton may be contacted via telephone at (210) 652-4668 or via email at michelle.walton@randolph.af.mil.

8.2 The point of contact for coordinating solvent pickup is Mr. Erik Christianson. Mr. Christianson may be contacted via telephone at (210) 652-5666 or via email at erik.christianson@randolph.af.mil.

8.3 The points of contact for the individual degreasers are listed in section 5.1 of the SOW.
